

A diagram illustrating a transformation. At the top, a green circle contains the text $l = 2$ and $c = 1$. To its right is a red circle containing $l = 3$ and $c = 1$. A vertical arrow points from the space between these two circles down to a box containing two red circles, each with the text $l = 3$. The label $t2_z1$ is placed to the right of the arrow.

$$l = 2$$
$$c = 1$$

$$l = 3$$
$$c = 1$$

$t2_z1$

$$l = 3$$

$$l = 3$$
